Limited Product Warranty

CRU-DataPort (CRU) warrants this product to be free of significant defects in material and workmanship for a period of three years from the original date of purchase. CRU's warranty is nontransferable and is limited to the original purchaser.

Limitation of Liability

The warranties set forth in this agreement replace all other warranties. CRU expressly disclaims all other warranties, including but not limited to, the implied warranties of merchantability and fitness for a particular purpose and non-infringement of third-party rights with respect to the documentation and hardware. No CRU dealer, agent or employee is authorized to make any modification, extension, or addition to this warranty. In no event will CRU or its suppliers be liable for any costs of procurement of substitute products or services, lost profits, loss of information or data, computer malfunction, or any other special, indirect, consequential, or incidental damages arising in any way out of the sale of, use of, or inability to use any CRU product or service, even if CRU has been advised of the possibility of such damages. In no case shall CRU's liability exceed the actual money paid for the products at issue. CRU reserves the right to make modifications and additions to this product without notice or taking on additional liability.

FCC Compliance Statement: "This device complies with Part 15 of the FCC rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation."

This equipment has been tested and found to comply with the limits for a Class A digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference when the equipment is operated in a commercial environment. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instruction manual, may cause harmful interference to radio communications. Operation of this equipment in a residential area is likely to cause harmful interference in which case the user will be required to correct the interference at his or her own expense.

In the event that you experience Radio Frequency Interference, you should take the following steps to resolve the problem:

- 1. Ensure that the case of your attached drive is grounded.
- 2. Use a data cable with RFI reducing ferrites on each end.
- Use a power supply with an RFI reducing ferrite approximately 5 inches from the DC plug.
- 4. Reorient or relocate the receiving antenna

Ditto® SAS Expansion Module Ouick Start Guide

- Quickly connects and starts working without software configuration
- Adds SAS functionality to Ditto Forensic FieldStation
- Provides write-blocked access to SAS drives

Installation

Expansion Modules connect to Ditto through a designated port on the Source Input side of the unit.

WARNING: To prevent damage, power off the Ditto unit before attaching or removing this module.

Easy to connect, easy to use, nothing to configure.

Technical Specifications

Product Model	Ditto® SAS Expansion Module
Data Interface Speeds:	6Gb/s
Drive Types Supported	2.5" or 3.5" drives with SAS (or compatible) connections.
Operating Humidity:	5% to 95%, non-condensing
Compliance:	EMI Standard: FCC Part 15 Class A RCM
External Material:	All-aluminum construction
Product Weight:	.4 lbs (.185 kg)
Dimensions	4.945" x 2.806" x 1.433" (125.6mm x 71.3mm x 36.4mm)
Warranty	3 year limited warranty
